SARI SALDI

Data Analyst | Marketing & Sales Analytics

(+62) 822-3810-7067 | sarisaldi54@gmail.com | LinkedIn | View My Portfolio | Kendari City, Indonesia 93116

PROFESSIONAL SUMMARY

Detail-oriented Data Analyst with hands-on experience auditing sales and marketing data, building **dashboards and KPI reports** in Power BI and Excel, and translating insights into actionable strategies. Skilled in **SQL**, **DAX**, **statistical analysis**, **lead generation strategy**, and **customer segmentation**, with project experience in campaign performance analytics and data integrity. **Self-starter** comfortable working independently and **cross-functionally** with sales and marketing teams. Available for immediate full-time engagement.

SKILLS

- **Data & BI Tools:** Power BI (Data Modeling | DAX | Power Query/ETL | Dashboard Design | Interactive Reports)
- **Excel:** Pivot Tables | XLOOKUP | INDEX-MATCH | Power Query | Data Validation | Conditional Formatting
- **SQL:** Complex JOINs | Recursive CTEs | Window Functions | Subqueries | Query Optimization | Data Cleaning & Quality
- **Statistical Analysis:** ANOVA | Regression | Hypothesis Testing | Probability Distributions | Descriptive & Inferential Statistics
- **Productivity & AI Tools:** Prompt Engineering | LLM-Assisted Workflows (Claude) for code optimization and analysis acceleration
- **Languages:** English (Professional Proficiency) | Bahasa Indonesia (Native)

PROFESSIONAL EXPERIENCE

SALES & OPERATIONS DATA ANALYST | MIA Ice (Local Ice Cream Business) January 2025 – Present

Kendari, Indonesia

- Built and maintained **Excel dashboards tracking daily sales KPIs** (~200 units/day across multiple flavors), monitoring product performance trends and seasonal patterns to inform inventory decisions and identify growth opportunities
- Maintained **customer data integrity** and analyzed purchasing patterns for **6–7 recurring B2B accounts** (100+ units/order), segmenting clients by order frequency and seasonality to support **inbound order pipeline planning** and capacity forecasting
- Identified **process improvement opportunities** through data-driven vendor price analysis and quality assessment, consistently reducing procurement costs and delivering **actionable cost-saving recommendations**

FREELANCE WEB DESIGNER (SUBCONTRACT) | Remote January – September 2024

- Delivered **landing pages and WordPress sites** for **15 client projects** under the supervision of a lead Upwork designer, contributing to on-time client delivery
- Performed **cross-browser and cross-device QA testing** across all 15 projects on 3+ browsers and 2 device types, logging and resolving layout and compatibility issues to ensure quality before delivery

CONTENT MARKETING & WEB DESIGN (FREELANCE) | Independent February – November 2023

Remote

- Built and managed an **independent content site** in the tech and AI software niche, publishing **40+ SEO-optimized articles** to drive organic traffic and **inbound lead generation**
- Conducted **SEO keyword research and competitive analysis** to identify high-intent content opportunities supporting inbound lead generation strategy

PROJECTS

MARKETING CAMPAIGN PERFORMANCE EDA | Personal Project — SQL Server March 2026

- Analyzed **2,240 customer records** across demographics, products, channels, and **5 marketing campaigns** using **CTEs**, **Window Functions**, and **Z-score outlier detection**; built data quality framework with NULL audits and outlier removal to ensure reporting accuracy
- Delivered **5 actionable insights for marketing and lead generation strategy**: child-free high-income segment converts at 4x revenue, Saudi Arabia identified as untapped lead source, 2–3 year tenure cohort yields 51% higher LTV — directly informing campaign targeting and audience segmentation

SALES & CUSTOMER ANALYTICS DASHBOARD | Personal Project — Power BI April 2026

- Built **3-page interactive dashboard** with star schema modeling, **What-If parameters**, **Field Parameters**, and **time intelligence DAX** analyzing **$24.9M revenue** across **17.4K customers**
- Identified declining **revenue-per-customer trend** despite customer growth, surfacing a retention issue; profiled top-value segments by income and occupation to support **targeted marketing campaigns**

AIRLINE COST FORECASTING | Personal Project — Excel February 2026

- Built **Simple and Multiple Linear Regression models** (R^2=93.58% and 96.11%) with full statistical workflow (**ANOVA**, t-tests, residual analysis, 95% CI) on 15-year operational data
- Identified **spurious correlation** - high R^2 captured temporal trends rather than causal relationships; recommended time-trend model over multivariate regression, demonstrating analytical rigor over surface-level metrics

CERTIFICATIONS

Google Data Analytics Certificate | **Statistics for Data Analysis** | **Microsoft Power BI Desktop** | **Power Query, Power Pivot & DAX** | **Advanced Excel Dashboard Design** | **SQL for Data Science**

EDUCATION

Bachelor's Degree in English Literature — GPA 3.80/4.00 2021

Universitas Muslim Indonesia — Makassar, Indonesia
